The IEEE CQR International Workshop is held annually with the purpose of bringing together industry and academic experts to present and discuss communications quality, reliability and security issues as they relate to real world issues. The output from the workshops adds to the community's body of knowledge and serves to inform, help form opinion, and to assist in the development of best practice and relevant standards. For more information, please visit: http://www.ieee-cqr.org/.

Continuing the tradition of this series of workshops, CQR 2015 will provide an international technical forum for experts from industry and academia to exchange ideas and present results of ongoing research in the areas listed below.

You are invited to submit a paper related to various aspects of QoS and Reliability for the following networks/services, but are not limited to:

- Grid and Distributed Cloud Computing
- Software Defined Networks
- Data Center Networks
- Information-centric Networks
- Vehicular Networks
- Cognitive Radio Networks
- Delay Tolerant Networks
- Mobile and Ad Hoc Networks
- Overlay Networks
- Multimedia Networks and VoIP Services
- VPN, MPLS and Multicast Services
- Multi-sensory Communications
- Current and Next-generation Internet
- Emerging Technologies and Services

The topics of interest include:

- Measurements Techniques
- Network Architecture and Design
- Network Security
- Network Survivability
- Operations, Administration and Maintenance
- QoS Metrics and Measurement
- QoS Policy and Assessment
- QoE Assessment and Management
- Resource Allocation and Management
- Security and Reliability Issues
- Scheduling and Buffer Management
- Traffic Control
- Traffic Modeling and Characterization
For additional information on this CFP, please contact Technical Program Co-Chairs.

Please note that, CQR2015 has two programs: Technical and Strategic. This Call For Paper covers the Technical Program only. For more information on the Strategic Program, please visit the CQR2015 website or contact the General Program Co-Chairs.

**Paper Submission Guidelines**

Papers should describe original work, and be 4-6 two-column, single-spaced pages, and formatted according to the IEEE manuscript template for conference proceedings. Paper submission must be made via EDAS [https://edas.info/19113](https://edas.info/19113)

Papers accepted for CQR 2015 will be included in the Workshop Proceedings, IEEE Xplore, and EI Index, with the exception that IEEE reserves the right to exclude any paper from distribution after the conference (e.g., removal from IEEE Xplore) if the paper is not presented at the conference. Papers that are removed from IEEE Xplore will not be available through the EI Index.
